## DUCATI SCRAMBLER

### LUGGAGE-RACK MOUNTING INSTRUCTIONS

Remove the tiny rear spoiler (tiny fender). Underneath it is mounted, at its front part with two screws indicated in Figure 1.

At its rear part is fixed with two screws, one on each side, indicated in Figure 2.

In Figure 2 appears also indicated, with two small arrows, the anchors of the luggage-rack, covered with two plastic caps.

Remove the two plastic caps on each side to expose the anchoring threads luggage rack. Figure 3.

Fasten the luggage rack to the anchors of the bike, using the 4 **M8x16** screws and washers included in the kit. Figure 4. first fit the 4 screws but not tight, second tighten them.

Finally, the tiny rear spoiler must be mounted again.
