

SPAAN

MASH TWO FIFTY 250 / SEVENTY FIVE 125

LUGGAGE-RACK MOUNTING INSTRUCTIONS

The luggage-rack is anchored at its front part, in the screw that secures the shock absorber at its top part. At rear part, it is anchored on the seat anchorage.

- **Remove the handles that are placed at the sides of the seat.** (Figure 1)
- **Front part:** Set the front plate of the SPAAN luggage-rack between the damper and the frame of the moto. (Figure 2)
- **Rear part:** Fix it in the anchorage of the handle and the turn light. Use the original screws. (Figure 3)
